

HOW SIXT ONE WORKS

With SIXT ONE, SIXT is launching its first global and digital rewards program, aimed at both, business and leisure travelers.

SIXT ONE is based on a four-tier status system: Silver, Gold, Platinum and Diamond. With each rental, members collect two kinds of points: **Status points** and **rental points**. For every Euro spent, one status point and – depending on the status – at least one rental point will be earned.

Status points are used to achieve a higher status level and the associated benefits. **Rental points** can be redeemed as a discount for future private rentals.

STATUS OVERVIEW AND BENEFITS

Silver (upon joining)

- 1 Rental point per qualifying Euro
- Faster vehicle pickup by skipping the counter
- Access to exclusive member-only offers

Gold (from 2,000 Status points)
